Highly motivated Software Engineering student seeking an internship/job opportunity to apply knowledge of JavaScript, Python, SQL, MongoDB, HTML, CSS, and Java in a dynamic and challenging environment.

PROFILE AND PORTFOLIO

- www.linkedin.com/in/ashtonjantz14
- https://github.com/ashtonjantz

PROJECTS

- Developed a full-stack web application using MongoDB, Express, React, and Node.js to add and adopt pets from a pet shelter.

- Developed a web application using Flask and SQL. Implemented user authentication, authorization and password hashing using bcrypt to track sightings of Sasquatch.

- Developed a Java Spring project using a SQL database for users to register/login and add their favorite shows to a dashboard for other users to see.

WORK HISTORY

Eddie Trindade Farms - Foreman

Merced, CA • 03/2021 - Current

- Supervised team of 10 farm-worker's, coordinating schedules, assigning tasks, and monitoring progress to ensure timely and efficient completion of daily responsibilities.
- Utilized problem-solving skills to address unforeseen challenges and find creative solutions, such as adapting irrigation systems and managing equipment maintenance.

Eddie Trindade Farms - Farm Worker

Merced, CA • 10/2018 - 03/2021

- Planted crops in fields, helped farmers distribute seeds and made sure harvests stayed on schedule.
- Operated farm equipment such as tractors and trucks with care and precision.
- Tended to crops such as almond trees and row-crop plants
- Worked with irrigation supplies to make sure crops got the necessary water supply
